Dear Parent/Guardian:

I am enclosing the paperwork for our after-school program for 2020-2021. I wish I could tell you that I know exactly how things are going to work, but at this point it still seems to be a work in progress.

Please find the paperwork that is needed to enroll your child in the after-school program. Please fill it out and return it to me as soon as possible if you would like your child to be enrolled in our program for the upcoming school year.

I will send out more information with exact dates as soon as I am sure how this will work. Thank you for your patience in this matter.

I hope to see all of you soon and please enjoy the rest of your summer and **STAY HEALTHY!**

Sincerely,

Sherry Johnson
